## Training Course 2 – Survey Information

### Presenter: Rachael Musgrave-Evans LS (5 Cadastral FPET points available for LS's)

### Course Details:

This course will be focused on the significance and interpretation of old survey information and will feed into and complement the upcoming survey-based sessions (both urban and rural).

This course will cover the following:

- The original Crown break-up of the State
- The importance of historical survey information
- Searching/Sources of survey information
- Reading and interpreting old survey information
- Parish Plans and Titles Office Charts

This course will also cover the re-establishment principles behind:

- Government Road alignments
- Crown boundaries
- Property Law Act 1958

### Pre-requisites:

- Participants need to hold a surveying degree/diploma or have had some experience working as a cadastral surveyor.
- Licensed Surveyors are also welcome to register.  
(SRBV has allocated 5 Cadastral FPET points for Licensed Surveyors who register and attend)

### Cost:

- \$450 plus GST (capped at 20 places)
- Morning and afternoon tea provided; lunch is not included (many options for lunch available around venue)

### How To Register:

- Scan the QR code to register
- For more information visit [megc.com.au/training-courses](http://megc.com.au/training-courses)
