Training Course 4 – Development Planning
Presenter: Rachael Musgrave-Evans LS
4 Development Planning and 1 Cadastral CPD Points

Course Details:

The aim of this course is to provide participants with an introduction to the Victorian Planning System, specifically focusing on planning as it relates to land development. The content will cover all legislative controls which govern the subdivision process.

This one-day course will cover the following:

- An introduction to the Victorian Planning System
- The Planning Permit Process and Subdivision
- The Subdivision Certification Process (Subdivision Act 1988)
- History of Planning and Estate Design
- Estate Design Principles and Rescode

Pre-requisites:

- Participants need to hold a surveying degree/diploma or have had some experience working as a cadastral surveyor.
- Licensed Surveyors are also welcome to register.

Cost:

- $500 plus GST
- Morning and afternoon tea provided; lunch is not included (many options for lunch available around venue)

How To Register:

- Scan the QR code to register
- For more information visit megc.com.au/course-4/
